FRANKLIN, INDIANA, September 11, 1868.

The undersigned, having heard the statements and explanations of the delegates representing the Indiana and South-Eastern Indiana Conferences in the late General Conference, relating to the two points in the boundary line, concerning which there are differences of opinion, have agreed to the following minute, which will govern our administration, to wit:

"The late General Conference, in fixing the boundaries of the Indiana Conference so as to determine the line of division between that Conference and the South-Eastern Indiana, provides:

1. That the northern boundary line of the Indiana Conference, from "a point due West of the northern limits of the city of Indianapolis," shall run "east to Meridian street."

By "northern limits of the city of Indianapolis," we understand the corporation line on the north.

2. That the eastern boundary line shall run down the White river "to the south line of Morgan county; thence east on said line to Johnson county; thence south on the west line of Johnson, Brown, etc., counties."

Now, it is impossible to run the line along White rfver "to the south line of Morgan county," for the river does not touch that line at all. And, again, if the line should run "east on said line"—*i. e.*, "the south line of Morgan county"—it could not run "south on the west line of Johnson county," because Johnson county does not extend south of that line. But the White river does strike

the east line of Morgan county, and from that point of intersection the boundary line may run "thence south on the west line of Johnson, Brown, etc., counties." Hence, in our administration, we shall recognize this as the dividing line between the two Conferences, intended by the General Conference, and leave to the next session of that body the more definite indication of the line.

D. W. CLARK,
C. KINGSLEY.

The following resolution was presented by George L. Curtiss, which was adopted by a two-thirds vote of the members present and voting:

Resolved, By the South-Eastern Indiana Annual Conference, in Conference assembled in the City of Franklin, county of Johnson, State of Indiana, That the following amendment be made to the Articles of Incorporation of this Conference, to be known as Article 8th, to wit:

Article 8. The seal of said Association shall be as follows: Roman cross perpendicular, surrounded by a small milled circle. Above the cross the motto, "*As ye go, Preach;*" beneath the cross, "*S. E. Ind. Conf.*" The whole surrounded by a heavy milled circle.

REPORTS OF COMMITTEES.

(No. 1.)

ON CHURCH EXTENSION.

THE Church Extension Society was organized to meet a felt and growing want of our Church. The Experiment made under circumstances particularly trying and perplexing has demonstrated that it could not safely have been longer delayed. It is worthy a place among the chief charities of the Church.

It is now especially called upon to aid our cause along the frontier, and in the fields newly opened in the South. Now is, in many places, the hour of our opportunity.

The recent General Conference commended this Society to the Church, and made some changes, simplifying its methods, and, we trust, adding to the efficiency of its policy. We do most earnestly commend this cause to our people, and pledge ourselves, as ministers, to carry out the provisions of the discipline respecting it.

Resolved, 1. That the following persons be appointed the Board of Church Extension of this Conference:

President, WM. HANNAMAN.
Vice President, REV. R. D. ROBINSON.
Corresponding Secretary, REV. J. H. LOZIER.
Recording Secretary, F. W. BAGGS.
Treasurer, JESSE JONES.

Managers—Rev. M. H. Mendenhall, John Furnas, George W. Hill, Omer Touscy, A. D. Lynch, W. Newkirk, D. G. Phillips, and R. S. Heiskell.

Resolved, 2. That the Presiding Elders be instructed to apportion the amount for which the General Committee may ask this Conference among the several districts and pastoral charges for collection, and that each preacher in charge shall report to our next session along with his Missionary collection the amount asked and received for Church Extension.

Resolved, 3. That, whereas, the provisions of the discipline requiring the Presiding Elders to bring the cause of Church Extension before the last Quarterly Conference was not published until the close of the Conference year, therefore, we request the Presiding Elders for this year to call the attention of the first Quarterly Conference to the appointment of a Committee on Church Extension.

Resolved, 4. That we commend the "Loan Fund of the Church Extension Society" to our friends contemplating bequests or grants to permanent christian charity.

A. KENNEDY,
Chairman.
J. S. TEVIS, *Secretary.*

MEMOIRS.

Rev. JAMES S. BRACE

WAS a native of Dubois County, Indiana—where he became a member of the M. E. Church, when eleven years old. He removed to Vincennes in the fifteenth year of his age—where he resided in 1866, when he was licensed to preach, and the following year recommended to the Indiana Conference, and received on trial at its session in the city of Indianapolis, and appointed junior preacher on the Jonesville circuit, Indianapolis District. He entered

upon his ministerial labors with zeal and efficiency—an extensive revival of religion prevailed over the circuit under the labors of himself and colleague—but his course, although brilliant, was short, as his valuable life was closed on the 25th of April last, at Jonesville, by an unmanageable horse throwing him with great violence from his vehicle, resulting in injuries which proved fatal in thirty-eight hours; at the age of twenty-three. Brother Brace was a young man of rare promise as a christian and minister. He was devotional and conscientious in his walk, studious and attentive to his work, and possessing a cultivated intellect, and agreeable manners. He gained a warm place in the affections of the people. After his injury he gave intelligent replies to the questions asked him; expressed himself as happy; subsequently his mind wandered; during which he would imagine himself at church conducting religious exercises, preaching, giving out hymns, &c. His remains were taken to Vincennes for interment and repose in the cemetery of that city.

No. 6.

ON EDUCATION.

THE Committee on Education have considered the subjects referred to them, and make the following as their report:

Garrett Biblical Institute.

A communication from the Trustees and Faculty of this Institution, dated Evanston, Illinois, August 20, 1868, informs us that the number of students enrolled in the Institute up to date was 105, a slight increase upon that of any former year at the same period. Heck Hall furnishes all the conveniences that could be desired, and they are now chiefly anxious that a greater number of the sons of the church should enjoy the advantages it offers. They say, "we have accommodations for nearly double the students in attendance, and the Faculty would gladly render their best services to as many as can attend." We would, therefore, recommend our young brethren whom God has called to preach, as far as possible, to "take full courses of academic and collegiate instruction" in the excellent institutions in our own State, and then, if practicable, "complete a course of special study and training for the work of the ministry" in Garrett Biblical Institute. We also recommend that Conference appoint a visitor to the Institute.

Moore's Hill Male and Female Collegiate Institute,

We are happy to learn, is growing in popularity and usefulness. The number of students the past year was 339. The Visitors' report speaks of the late examinations and commencement exercises in exceedingly flattering terms, and add, that "the last year has been one of the most prosperous of the institution's existence." The Trustees report that the institute has "opened this fall with fine prospects, and a largely increased number of young men, several of whom intend entering the ministry. A large proportion of the students are members of the church, and the college class and prayer meetings are well attended. Religious influence is in the ascendant, and the students generally very orderly, cases of discipline being rare."

The Faculty consist of Rev. Thomas Harrison, A. M., President; Rev. Adin Newton, A. M., Professor of Ancient Languages; Rev. Charles W. Bennett, A. B., Professor of Mathematics; Mrs. Hannah P. Adams, Teacher of Modern Languages, etc., and Miss C. Amelia Harrison, Teacher of Music. A competent instructor in the Preparatory Department is employed.

It will be remembered that, two years ago, the Conference at Aurora received from J. C. Moore, Esq., through the Trustees, an offer of "preferred stock" in lieu of nearly $12,000 due from the Institute to Brother Moore. This offer was favorably received by the Conference, but its formal acceptance was postponed. We recommend that Brother Moore's offer be now accepted, and that the Trustees be authorized to issue the stock to Brother J. C. Moore.

The Board of Trustees request the reappointment of Joseph Cotton as agent of the Institute. We recommend that the request be granted. We also recommend that G. P. Jenkins, J. G. Chaffee, W. S. Mahan and the Presiding Elder of Lawrenceburg District be appointed Visitors for the ensuing year, and that E. G. Wood, D. D., and J. C. Moore, Esq., be appointed Commissioners to vote the stock of the Conference in the election of Trustees.

Brookville College.

The past year has been one of unusual prosperity in this young and growing institution. The number of students was 203. The Visitors' report was not before us; but we have learned from other sources that the examinations were very satisfactory, and the commencement exercises were exceedingly interesting. The college opens with flattering prospects for the new year.

The Faculty consist of J. H. Martin, A. M., President; J. P. D. John, A. M., Professor of Mathematics; A. C. Crouch, A. B., Professor of Ancient Languages; Dr. Thomas, Professor of French and German; and K. J. Knauer, Professor of Music. Competent instructors are employed in the Preparatory Department.

E. K. Hosford, Esq., Jackson Lynn, Esq., and ——— ———,* Esq., have been nominated as Trustees. We recommend their election by Conference. We also recommend that the Presiding Elder of Connersville District, and the preachers in charge of Brookville, Connersville, Mt. Carmel, Fairfield, Blooming Grove and Laurel be appointed Visitors.

Indiana Asbury University,

Still maintains its prominent position among the literary institutions of our State. The students numbered last year 358. They were generally characterized by as good order and as correct moral and religious deportment, perhaps, as in any former year. The last graduating class, numbering 25, was larger than ever before took the honors of the University. And we can not forbear to mention the fact that *nine* of these graduates worked their way through to graduation, paying all the expenses of their education by their personal efforts; and *eight* more received but slight assistance from friends, and these young men, as they deserved to do, graduated among the best of the class, one of them taking the highest honors. Thus, by energy and perseverance, the poor as well as the rich may win and enjoy a University education.

*This blank was not filled.—SEC'Y. OF CONFERENCE.

The Visitors' report was not in our possession, but we learned that the examinations were, as usual, thorough and satisfactory, and the commencement exercises were more than usually interesting. But the Faculty complain, and justly, that not one Trustee was present to witness the conferring of honors which they had themselves authorized. The courses of study have been extended, and the standard of scholarship elevated; yet the proportion of classical students has largely increased.

The Active Endowment Fund amounts to about $84,000, with the prospect of an addition, in a year or two, of $31,000 more. In Putnam county, and chiefly in Greencastle, $30.000 have been received in cash, and good subscriptions towards a new building, which will soon be commenced. But a large addition to this building fund must be made before the work can be accomplished. And the interests of the University emphatically demand a still larger endowment. Unless the Faculty be strengthened, by increasing numbers, at an early date, the University will seriously suffer; but this can not be done without an enlargement of the Endowment Fund. Other Universities in our own and neighboring States are multiplying their educational facilities. If the friends of old Asbury do not continue to rally to its support, it will fall behind in the race, and be measurably, if not wholly, shorn of its hard-earned honors. That the South-Eastern Indiana Conference may do its share in sustaining this oldest and most important of its educational enterprises, we recommend the employment of an efficient agent, who shall devote his whole time, for at least one year, to the securing of cash and notes, and aid in making collections in behalf of the University. While he shall promote the interests of the University in every way in his power, we recommend that he make a special effort to complete the Harmon Chair of Biblical Literature. We recommend that the Bishop be requested to appoint Rev. J. H. Lozier such agent. We also recommend that a committee of three be appointed, who shall be empowered to make an allowance to the agent, and who shall have charge of educational matters connected with the University within the South-Eastern Indiana Conference till next Conference.

We further recommend that the Conference shall undertake, through the Presiding Elders and Pastors, the raising of $1,000 per year till the Chair of Biblical Literature be endowed, to serve as prepaid interest on the fund in course of being raised, and to be applied towards the current expenses of the University; and that the above committee assess the said $1,000 to the various districts and charges.

The Secretary of the Board of Directors, J. C. Yohn, Esq., informs us "that the term of Rev. F. A. Hester and Hon. J. C. McIntosh as Trustees of Indiana Asbury University has expired." Also, that our Conference is "entitled to the election of three (3) Visitors."

Common Schools.

We beg to conclude our report by recommending the adoption of the following resolutions concerning the "*people's colleges*," the Common Schools, and the Teachers' Institutes of our portion of the State. We will not take the time of Conference in arguing or urging the importance, the essential importance, of these schools to our higher institutions; therefore,

Resolved, 1st. That, in view of the great and increasing importance of a wise system of common school education, we recommend the ministers and people of our church to encourage, in every proper way, those engaged as teachers in this work.

Resolved, 2d. That, in the judgment of this Conference, Teachers' Institutes may be instrumental in doing much good in the cause of common school education, and that we will give our influence to aid in the design of their organization.

E. G. Wood, *Chairman.*

F. A. Hester, *Secretary.*

ON SUNDAY SCHOOLS.

The Table of Statistics prepared with much care, by Brother Pell, the Statistical Secretary of your Committee, shows the number of Sabbath Schools to be 280, the number of officers and teachers, 2975, and number of scholars, 19491. These figures indicate a gratifying advance upon last years reports.

The interest in the great Missionary cause seems to be steadily increasing, or, perhaps in many cases centering in the Sabbath School, as the proportion of contributions for this cause drawn from this source, is considerably augmented. It is to be regretted, however, that the collections for the Sunday School Union are still too much neglected, although we believe there is an improvement in this regard over last year.

A session of our Conference Sunday School Institute was held in April in the city of Jeffersonville, which, notwithstanding the unfavorable state of the weather at the time, was quite well attended, interesting, and, doubtless gave a new impulse to the cause. The next meeting of the Institute will be held in Aurora, May 13, 1869, and we would earnestly exhort all our pastors to take hold of the matter with that zeal that will certainly assure success.

We would also call attention to the organization and rapid development of the "Indiana State Sunday School Association." Branches of this Association are being organized in every county in the State under the earnest efforts of our beloved brother, John W. Ray, of Indianapolis, We bid him "God speed," and earnestly hope our ministers and people will feel the importance of their taking such an interest, and share in this great enterprise as shall be in proportion to our numbers and strength as a church.

ON BIBLE CAUSE.

The Bible is the foundation of our faith, and its glorious doctrines the basis of all our efforts in view of our own good, or the moral welfare of the world, therefore,

Resolved, That we, as a Conference, will pledge ourselves to do all we can by *prayer*, *preaching*, and giving of our substance as God has prospered us, for the circulation of the scripture throughout the world.

Resolved, That we will heartily co-operate with our State Agent. Rev. J. Thompson, and his assistants, in collecting funds for the support of this cause

S. C. Noble, *President.*

TRACT COMMITTEE.

THE report of the Corresponding Secretary, Dr. Wise, showing the work of the Tract Society of the Methodist Episcopal Church, and the opening indications of Providence for greater demands for cheap religious literature, has been read by your Committee.

We regret that there is a decrease in the collections as compared of 1867 with that of 1866 throughout the Church; but are happy to report an increase in our Conference of fifty dollars this year over that of last. We hope for renewed zeal in presenting the claims of this worthy cause before our respective congregations. The experience of Mr. Wesley, and the "Fathers," put in motion the idea of publishing, to scatter broadcast, religious reading for the masses in a cheap but attractive form. Therefore,

Resolved, That we respectfully request our Tract Society to publish from time to time, sermons, biographies, travels, and sketches, with Bible incidents in cheap form.

Resolved, That as ministers we will do our utmost to put into circulation this silent yet successful agent for good; and we will endeavor to place in families, in the hands of passers-by on the great thoroughfares, and in the haunts of vice these monitors for good, and we will bring to our aid the influence and co-operation of our young people, and the christian public.

Respectfully submitted,

DR. J. W. SULLIVAN, *Chairman.*

F. S. TURK, *Secretary.*

ON FREEDMAN'S BUREAU.

Your Committee on the Freedman's Aid Society, respectfully submit the following report:

That, in our judgment, the objects of this Society appeal to our sympathy and patronage, as strongly as ever. We are gratified with the amount reported as having been collected, for the above objects, within our Conference bounds, in the past year. (See Financial Report.) We believe, however, that when the objects and claims of this Society are more fully known to our people, they will contribute more liberally to its support. Therefore,

Resolved, 1st. That we will seek to enlighten the people in our respective fields of labor during the coming Conference year, respecting the objects and purposes of this Society.

2d. That we hereby cheerfully accept the recommendation of the General Conference to the Annual Conferences, to place the Freedman's Aid Society on our list of Annual collections, and we recommend that this collection be taken in all our charges.

Respectfully submitted,

M. Black,
W. T. Saunders,
F. S. Potts,
R. M. Barnes.

ON THE STATE OF THE COUNTRY.

Your Committee on the State of the Country beg leave to present the following report:

While it remains our firm conviction that the Ecclesiastical and Civil Powers should be forever separate and independent of each other, nevertheless, we recognize the great truth uttered by our Savior, that the Church is the "light of the world," therefore,

Resolved, 1st. That with profound humility and gratitude we recognize the Divine hand in the affairs of our country, especially in the subversion of the iniquitous schemes of the wicked, and the ultimate triumph of truth and righteousness.

Resolved, 2d. That, as a Christian Church, we will exert whatever of moral and religious influence we may possess, in the maintainence of just laws and the support of good government; and that we will earnestly pray for the triumph of equal justice and common, civil and religious immunities, for all men in all lands, and especially this our own beloved country.

Resolved, 3d. That we most deeply deplore the unhappy condition of Society in many of the Southern States, and, that as Christian Ministers, we will not cease to pray that the God of all grace, would give to the hitherto rebellious people of those States a better mind, and lead them into a cheerful and prompt submission to constitutional government.

Resolved, 4th. That we earnestly sympathize with the oppressed and persecuted adherents to the cause of our common country, in those States.

Resolved, 5th. That since God has declared that "righteousness exalteth a nation, but 'that' sin is a reproach to any people," we will devote ourselves with increased earnestness, to the work of disseminating Scriptural Holiness over all our land, that the benign influences of the Christian religion may control the masses of the people, and permeate our legislative halls, our judicial benches, and our executive mansions.

No. 13.

ON PARSONAGES.

The Committee on Parsonages submit the following report:

Whereas, Not more than two-thirds of our Pastoral Charges have Parsonages, and many of these are too small and inconvenient, and sometimes even dilapidated; and

Whereas, There has been little or no uniformity observed in the construction of our parsonages, and often no room specially provided for the Pastor's study; and

Whereas, Our Preachers and their families are not always sufficiently careful to preserve and improve the parsonage buildings and grounds, and as we believe it behooves ministers of the gospel to be examples of neatness, good taste, and order, in and about their homes; therefore,

Resolved, Where Charges already have Parsonages, that our preachers seek to put them in good repair, if such is not their condition, and, where practicable, set apart or build an appropriate room for the Pastor's study, and furnish it with suitable shelving, or a neat and commodious book-case; and where charges are without parsonages, that we earnestly endeavor, as far as possible, to carry into effect the Disciplinary provisions with regard to the erection and furnishing of parsonages, and that in so doing, we endeavor to have the parsonages so constructed as that the principal rooms of all our parsonages may be of uniform size; and to this end we recommend the appointment of a Committee of three to obtain and report a Conference Parsonage plan to be acted upon at our next Annual Conference.

Resolved, That we will endeavor to keep in order, and improve year after year, our Parsonage grounds, planting and cultivating fruit trees and shrubbery, both for use and ornament, so that our homes may be rendered as comfortable and attractive as possible.

Respectfully submitted,

S. Longdon, *Chairman.*

S. S. McMahan, *Secretary.*

ON OBSERVANCE OF THE SABBATH.

The institution of the Sabbath, though denounced by none as an injury, either to society or state, must still be defended and sustained by Christains, against the wicked, and the seekers of pleasure only. Yet it is a source of encouragment to the supporters of the Sunday laws that their opposers are our worst class of citizens; most of them destitute of moral character. It is a source of regret to us that the foreigners who have fled to America for liberty, would bring hither the chain that bound them, that we and they may be bound by the same baneful fetter. It is also a source of alarm to the lovers of the Master's cause, and their country, that for party success, politicians and office seekers will yield to this anti-Christian demand for the annulling of this ancient institution, the great stay of the church, and is the *only* national sign between us and God; and we denonnce as worse than a Judas him who will sell the Sabbath for its enemies votes. It is the duty of all who "would be perfect" to keep the Sabbath holy, not only by refraining from secular labor, from visiting and popular amusements, but also to diligently employ the Sabbath in religious exercises and meditation.

Your Committee recommend the following resolutions:

Resolved, That as ministers it is our imperative duty to preach special sermons on the Observance of this Holy Day, and to seize upon every suitable opportunity to educate our people up to the Bible standard.

M. L. Wells,
Chairman.

G. W. Winchester,
Secretary.

ON LAY DELEGATION.

Your Committee beg leave to report as follows:

WHEREAS, The late General Conference proposed to the Godly consideration of the *preachers* and people the subject of Lay Delegation,

Therefore Resolved, That as a Conference we heartily concur in said action and that we pledge ourselves to give earnest and faithful attention in bringing this subject before our congregations for their expression by vote in the month of June, 1869, as described on page 335 of the Appendix to the Discipline.

ON TEMPERANCE.

The subject of Temperance is one which demands the sympathies, not only of all the Ministers of the Gospel of Christ, but also of all Church members, and we think this is no time to cease our efforts to advance the interests of this cause of God, in behalf of the great family of man; therefore,

Resolved, That we will continue to work in, and pray for the success of this cause, until God in his providence and mercy, gives us the desire of our hearts, even the salvation of our country from drunkards and drunkard makers.

ADVICE EXTRAORDINARY.

In preparing for Conference, be careful that all your returns be written with ink and in a fair hand. It will be a great convenience to yourself and others if duplicates of all returns are made out. If, in all your collections for different objects, you will, in the sum total, avoid fractional parts of a dollar, you will save a large amount of labor to the Treasurers of different Societies, the Stewards and Secretaries of Conference, and the Committee on Publication of Minutes.

At Conference, be sure that your returns are all made to the *appropriate* persons, on the first day of the session. GEO. L. CURTISS, *Sec.*

WILLCOX & GIBBS' Sewing Machines.

No. 76½ WEST FOURTH STREET, CINCINNATI, OHIO.

t

This machine has the following advantages over all others: It is the simplest and bes made machine, the least liable to get out of order, and runs the fastest, easiest and stillest being almost absolutely noiseless in its operation. It requires less mechanical skill to operate it. It requires less time and instruction to learn to use it. Its needle is the *shortest*. The needle is also *straight*, and less liable to be broken than one that is *curved*. It is *beveled*, and therefore *stronger* than one with a small shank. The needle is secured in its place by a patented device, which renders it *self-adjusting*, so that neither skill nor experience is necessary in setting it. It is not so with any other. It uses but *one thread*, and thus avoids the necessity of complicated machinery, which is required for two threads. It sews directly from the spool, thus making it unnecessary to rewind the thread and adjust it in the shuttle. *It makes the "Willcox & Gibbs,"* or "*twisted loop stitch*,"—a stitch original with this machine, and made by no other—which for general purposes is superior to any other. Its seam has the peculiar advantage of being readily taken out when it is desirable, while it is less liable to rip, in use or wear, than the lock-stitch. The seam is more elastic and stronger than the lock-stitch. The seam is also the most even and beautiful. The seam is always *self-fastened*, thus avoiding the necessity of a "reversible feed," or any other complicated device for that purpose. Its tension is more simple and more easily adjusted. The machine is more easily and speedily changed from one kind of work to another. More work can be done with it in a given time than with any other. It does beautiful embroidery. It has a shield to keep the dress off the wheel. A smaller needle can be used with the same size of thread, which adds to the strength and beauty of the seam, especially on linen or other hard goods. It has the best hemmers. It has the best feller. It has the best braider. It has the best belt. Agents wanted on salary and commission. J. R. AYERS, General Agent, 76½ West Fourth Street, Cincinnati, Ohio.

Steam and Horse-Power Threshing Machines.

WE invite attention, especially, to the great trial of Threshers at the last Indiana State Fair, which was an important feature in that Exhibition. All the Machines on exhibition were well known to the farming community, and being all of this class, unusual interest was excited in the contest.

Report of the Committee on Threshing Machines at the Indiana State Fair.

Your Committee beg leave to report the following as the result of their labors: There were three entries, viz: "Robinson Machine Works," Richmond, Ind.; A. Gaar & Co.; and L. Q. Sherwood (Massillon Machine), of Indianapolis, Ind.

The trial was set for Thursday P. M. The wheat for all was taken from the same stack, and each Machine was run five minutes, as timed by a member of the Awarding Committee, and with this result: While the Gaar and Massillon Machines had threshed about five bushels each in the five minutes run; the Robinson Machine had ten bushels and two and one-half pounds, being more than double the amount threshed by the other machines. Upon this the Committee were about to award the Premium to the Robinson Machine, but the owners of the others asked for another run. Granting another trial under such circumstances was hardly reasonable, but your committee wishing to give all parties every opportunity desired, yielded, and asked the Robinson folks to do so, which they cheerfully consented to, they demanding, however, that the wheat for this trial should be divided sheaf about to the different machines. This was done in our presence, and each Machine threshed its load, when on weighing up the wheat we found that the Massillon Machine had 380 pounds of wheat, the Gaar Machine 400, and the Robinson Machine 420½ pounds. In this run the Robinson Machine threshed at the same speed per minute as on the day before, and as it had saved and cleaned the grain better than either of the other Machines, your committee decided in its favor.

LOTT S. BAYLESS, *Ch'm'n of Committee.*

For light draught, speed in threshing, and saving and cleaning the grain, we believe that our Machine has no equal in America. All who contemplate buying the coming season, will consult their interest by getting a Machine of us, or one of our Agents; and farmers will do well to look to this if they wish their grain properly handled. TESTIMONIAL:

XENIA, January 7, 1868.

MESSRS. BENNETT BROTHERS, *Cincinnati, O.:*

Dear Sirs:—In behalf of the Trustees of the First Methodist E. Church, of Xenia, Ohio, I am desired to forward to you the following Statement and Testimonial, relating to your Hot-Air Furnace for Churches, &c. Our main church building is 50 feet wide, 75 feet long, and audience room 26 feet high, and is supplied with two of your No. 5 Furnaces, warming 97,500 cubic feet of air; Chapel Department is 40 feet wide, by 62 feet long, and first story 14 feet high, and second story 10 feet high, divided in six apartments, and supplied with one of your No. 5 Furnaces, warming 59,520 cubic feet of air.

Your Furnaces give perfect satisfaction to Trustees and Congregation; they more than answer the representations made of their utility; we take pleasure in specifying the following excellencies:

1. We do not have to crowd the Furnaces, (their capacity *exceeds our demand*,) and thus they work easily and safely.
2. The quantity of fuel consumed is comparatively small.
3. The apartments are uniformly heated, and in a short time.
4. The warm air is fresh and invigorating, and every way pleasant.

We give them our unqualified recommendation.

With very great respect Yours,

THOMAS COLLETT,

Pastor, and in behalf of Board of Trustees.

NET CASH ASSETS, $4,552,776.64.

PROPERTY of the value of $200,000 is consumed by fire daily in the United States. Owners of property, such as dwellings, frequently neglect insurance from the conclusion that there is but trifling danger, forgetting that rates of premium are graduated upon the burning hazard of each class of property—the safer the risk, the lower the rate.

In *six years* the Ætna Insurance Company have paid losses on *dwellings and contents alone* to the amount of **$449,690.86.** The dangers from *stoves* and *pipes, hot-air furnaces, defective flues*, lights, accidents, exposures and other causes, are constant, and far from trifling.

EVERY ONE, the burning of whose property would injure or inconvenience himself, his family, or his neighbors, SHOULD BE INSURED.

It is the duty of every poor man to insure his cottage; every moderate man his residence; every rich man his mansion; so that dependent loved ones may not be made to suffer by the unforeseen calamity of fire. *Dwellings* should all be insured.

☞ Applications received and promptly attended to at the *AGENCIES IN ALL THE CITIES AND PRINCIPAL TOWNS IN THE UNITED STATES,*

At Rates as Low as are Consistent with Reliable Indemnity.
